## "Where Quality is a Family Tradition"

Alberta's is a family business and we are now three generations all working together to bring you the best quality and best designs in molds possible and to make it pleasant and profitable for you to do business with us.

Our mold makers still take the time to produce each mold from start to finish by hand. Each mold maker is proud of his or her own work and as a craftsman will sign and date each mold only after it passes his or her own inspection.

Whether you have been buying Alberta's Molds for years or are just now becoming acquainted with our mold lines, we want to thank you for your interest in our product.

# About Our Company

## Alberta's Regular Molds

In our REGULAR MOLD LINE, you will find some old favorites such as our Cookie Jars, Christmas and Snow Baby lines.

Each thick-walled mold is made with #1 grade pottery plaster. This line represents the DESIGN, DETAIL and QUALITY that have made Alberta's Molds a leader in the Fired Arts Industry.

## Student Casting Molds

Our STUDENT CASTING MOLDS are real favorites with ceramic hobbyists. They are easy to cast and are not too large which makes them easy to handle. Included in this line are our best selling Child's Bavarian Tea Set, the King Arthur Chess Set, Pin Cushion Dolls and the popular Children Sports Figurines.

## Cole's Molds

COLE'S CERAMIC MOLDS was founded in 1954 by Lacey Cole, a master mold maker, who learned his trade in Ohio working for various potteries. COLE'S MOLDS was acquired by Alberta's Molds, Inc. in 1976. The popular Bavarian Dinnerware is part of the Cole mold line along with many appealing animal molds.

## Doll Molds

Today's dollmaker is now given the opportunity to create a doll of a caliber usually found only in expensive, limited-edition artists' dolls. Alberta's continues in our 50+ year commitment to excellence by offering dolls and doll bodies which are in perfect proportion, with close attention to detail. New additions to our doll line include imported award winning dolls from Europe.

## Heinz Molds

HEINZ & CO. Porcelain Factory, Grafenthal, Germany, was established in 1897. Alberta's Molds has acquired the rights to manufacture selected Heinz & Co. designs under license. These molds are made from the original masters and are not reproductions. We are proud to offer these antique turn-of-the-century Victorian Designs to our market. These molds are also suitable for low fire bodies.

## Jamar Molds

Jamar-Mallory Studio, Inc. was founded in 1933 by Ralph and Elsie Mallory, Pioneers in the ceramic hobby business. Jay and Marian Weinn assumed management and started the mold line in 1948. In 1981 Alberta's Molds acquired JAMAR-MALLORY MOLDS.

## INCREASE YOUR TREE PRODUCTION BY USING ADDITIONAL POUR RINGS

#774 R Pour Ring can be ordered separately.

Several of these pour rings will permit you to get much higher production out of our #774 Christmas Tree Mold. A wet greenware tree can be removed from the mold in an upright position still on the pour ring and allowed to dry until it is hard enough to be removed. This permits faster casting & prevents stress cracks.
